

# The peoples' champion.

## Make them your fan with Factory Authorized Parts.

Want to win more customers? Be the HVAC/R pro with the reputation for doing things right. Installing F.A.P. maintains the original efficiency of their systems and preserves the warranty and UL and/or CSA-approvals. Plus, since F.A.P. feature the exact mounting characteristics and lead-lengths, you'll save time and hassle. Install F.A.P. whenever you work with Carrier®, Bryant®, or Payne® equipment and everyone wins!
