

Look sharp. Always use a new blade.

Appearances are important. Don't change the motor without changing the blade.

Okay, so you just perfectly installed a sparkling new motor. Too bad your customers are going to see the rusty blade and question your work. When you change a motor, always make sure to change the blade, too. And to further protect your reputation, always use F.A.P. when repairing a Carrier®, Bryant®, or Payne® unit.

**FACTORY
AUTHORIZED
PARTS**

For the home or business owner, Factory Authorized Parts:

- preserve the original manufacturer's warranty,
- preserve the original efficiency of the system,
- preserve engineered sound requirements (for applicable components such as motors), and
- meet rigorous factory run life design specifications.

For the dealer or technician, Factory Authorized Parts:

- provide an exact drop-in replacement,
- feature exact electrical connections and lead lengths,
- feature exact mounting characteristics, and
- preserve the UL and/or CSA approvals and listings for the parts in the original equipment.

FREE!

Get a Totaline® Lunch Cooler.*

Buy 1 F.A.P. motor, plus any capacitor and any fan blade or blower wheel *all on one invoice.*
