

Why rough it?

Can you tell which guy uses F.A.P.? We'll give you a hint: he's the guy that appreciates quality and never settles for anything less than the best.

That's because F.A.P. are exact drop-in replacements for Carrier®, Bryant® and Payne® equipment, so they're easier to install. Plus, F.A.P. are UL-certified and preserve the warranty and original efficiency of the system so you have less problems and call backs. And now, RCD-Totaline has made Factory Authorized Parts more affordable for distributors! Factory Authorized Parts are clearly the right choice.
