Honeywell Dehumidifier

Dehumidification System

TrueDRY 65-pint dehumidifier

Features:

- **Dehumidification:** The highly efficient dehumidifier utilizes refrigeration and internal air circulation to cool the incoming air stream below its dew point. Its compact size makes the ideal for tightly fit applications. After helping to cool the incoming air, the processed air is reheated by passing through the condenser coil. The heat removed by the evaporator Coil is returned to the air stream, resulting in an overall temperature increase to the processed air. The is controlled by a variety of 24 volt remote wired controls.
- **Fresh Air Ventilation:** Optional fresh outdoor air may be ducted via a tee off the 8-in. round duct. This provides fresh air to dilute pollutants and maintain normal oxygen content in the air. The amount of fresh air ventilation can be regulated by a variety of dampers and controls.
- **Air Filtration:** Includes air filtration to keep the condenser coils clean. A MERV-11 media filter is standard.
- **Filter Efficiency:** Standard MERV-11 (65% ASHRAE Dust Spot)

Part Number	Amps	Color	Height (Inch)	Length (Inch)	Description
DH65DG115	5.5	White	11-1/2	21 without collars, 27 with collars	TrueDRY 65-Pint Dehumidifier with TrueIAQ Control
DH65A1015	5.5	White	11-1/2	21 without collars, 27 with collars	TrueDRY 65-Pint Dehumidifier with VisionPRO IAQ control

TrueDRY DH150 Whole House Dehumidifier

Features:

- **Energy efficient - TrueDRY** removes more moisture using less energy than any other equivalent model on the market.
- **Integrated indoor air quality - On-board MERV 11 media filter** and an integrated fresh air ventilation port provide the home with fresh outdoor air that is clean and dehumidified.
- **Easy maintenance - Easy access service panels** allow for quick replacement of the air filter and maintenance of internal parts
- **Filter Efficiency:** Standard MERV-11 (65% ASHRAE Dust Spot)

Honeywell Dehumidifier

Dehumidification System

TrueDRY DH90 Whole House Dehumidifier

Features:

- Energy efficient - True DRY removes more moisture using less energy than any other equivalent model on the market.
- Integrated indoor air quality - On-board MERV 11 media filter and an integrated fresh air ventilation port (DH90 model) provide the home with fresh outdoor air that is clean and dehumidified.
- Easy maintenance - Easy access service panels allow for quick replacement of the air filter and maintenance of internal parts
- Filter Efficiency: Standard MERV-11 (65% ASHRAE Dust Spot)

Part Number	Amps	Color	Height (Inch)	Length (Inch)	Description

Honeywell Humidifiers

TrueSTEAM Humidifiers

Features:

- Application flexibility - Mount directly to the duct or remotely up to 20 feet away into tight-fitting or unconditioned air spaces
- Installs in minutes - Limited duct cutting and bracket-mount design takes less than 5 minutes to complete
- Easy maintenance - Self-regulates cleaning cycles throughout the year. Annual maintenance requires no tools to access and clean, saving time and money on annual contractor service calls. In-line water filter for scale and sediment also provided
- Includes Control module, duct template hardware, saddle valve, humidistat, drain supply water tubing, duct nozzle, mounting bracket, water filter, backflow valve
- 5-year warranty

TrueSteam Wireless Humidifier

Features:

- Application flexibility - Mount directly to the duct or remotely up to 20 feet away into tight-fitting or unconditioned air spaces
- Installs in minutes - Limited duct cutting and bracket-mount design takes less than 5 minutes to complete
- Easy maintenance - Self-regulates cleaning cycles throughout the year. Annual maintenance requires no tools to access and clean, saving time and money on annual contractor service calls
- Does Not Include Humidistat
- Draws 12-amps

Part Number	Capacity	Color	Dimensions - High x Wide x Deep (Inch)	Voltage	Description

Water Sediment Filters

In-Line Scale & Sediment Water Filter

Part Number	Type	Description
50028044-001	Humidifier Replacement Filter	Plumb In-Line Scale & Sediment Water Filter with Quick-Connect Fittings

Humidity Controllers

TrueIAQ Digital IAQ Control

Features:

- Setting changes can be made easily with the touch of a button
- Manages humidification, dehumidification, ventilation and bathroom fans from a central point in your home
- Simultaneously displays both indoor and outdoor temperature and humidity levels on-screen. Automatically adjusts inside settings based on outdoor conditions
- Include individual air quality enhancements to your system with TrueIAQ, or integrate them all as part of a total air quality system
- Intuitive digital backlit display

Application: Provides humidity control for ducts, greenhouses, computer rooms, printing and photographic laboratories, and other applications where electronic accuracy, as well as remote sensing, is desired
